#### From the table above the following conclusions can be made:

The municipality spent only 37% of the anticipated budget and only 32% of the yearly capital budget.

The municipality adjusted the capital with the funds received for the Disaster Response Grant

# Please refer to the in-year budget table statements tables for the detailed grant register.

#### Remedial or corrective steps

Capital projects must be correctly aligned to the payment schedule of the National Treasury 2024-25; this must be corrected by an adjusted budget. Finalizing SCM processes for outstanding projects must line with the revised MIG implementation plan, and expenditure from own funding must be corrected. System reports must be corrected by Service Provider to ensure all reports drafted from the Financial System aligns with its other.

From the table above it is clear that creditors outstanding for more than 120 days makes out the biggest part of the outstanding amount.

#### Remedial or corrective steps

The municipality must put measures in place to collect outstanding money from debtors to ensure they have funding for creditors.

The municipality must ensure disputes are finalized as a matter of urgency.

The municipality must ensure payment agreements entered will be affordable.

The municipality must continue to adhere to the ESKOM Debt Relief Programme

The municipality must resolve the Vaal Central Water issue

#### Creditors outstanding from 31 December 2023 to 31 December 2024

Outstanding creditors on 31 December 2024 – R471 000 584

Outstanding creditors on 31 December 2023 - R438 289 621

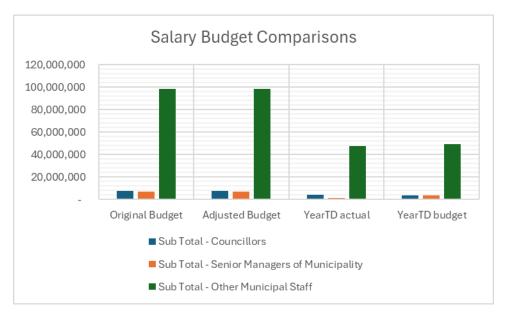

Outstanding creditors increased by R 32 711 233 From the previous year's Mid-Year Assessment.

There is a direct link between the increased debtors and the increased creditors showing if the municipality does not collect all revenue due it will not be able to settle its creditors.

#### STAFF EXPENDITURE REPORT (SC2 - C SCHEDULE)

The Staff Expenditure report is submitted in terms of Section 66 of the Municipal Finance Management Act, which states that the Accounting Officer of a Municipality must, in a format and for periods as may be prescribed, report to the Council on all expenditures incurred by the municipality on staff salaries, allowances, and benefits, and in a manner that discloses such expenditure per type of expenditure.

#### **Employee Related Cost and Council Remuneration**

At the Mid-Year Assessment stage, the municipality spent 6% less than the anticipated Salary budget, with the expenditure on Senior Managers only 41% this is due to only two permanent managers appointed during the assessment period.

#### **Remedial Action**

The salary budget must be monitored to avoid overspending at year-end, the salary budget must be aligned to the organogram.

The municipality transfers the interest from the various grant accounts to one central interest account, this account is used in operations, especially in the revenue enhancement programme. The municipality also moved R8 million from the Primary Account to the Loan (Fleet) account in January 2025 it will be reflected in the January 2025 Section 71.

## 7. SDBIP information from the PMS department

#### Introduction

The SDBIP is essentially the municipality's operational business plan and is an integral part of the financial planning, implementation, and measurement process. The SDBIP functions as the connection between the strategic plan "IDP", detailed information on how the budget will be implemented, using forecast cash flows, service delivery targets, and performance indicators.

Achievement of KPIs to date is on par with the previous years' trends and it is expected that the majority of targets will be reached by year-end.

For the period July to December 2020 performance against the SDBIP has been assessed against the following categories:

Key Top-Level National KPAs:

- Basic Infrastructure and Service Delivery
- Municipal Financial Viability and Management
- Local Economic Development
- Municipal Transformation and Organisational Development
- Good Governance and Public Participation

# 8. Summary of the impact of the national adjustments budget and the relevant provincial adjustment budget.

Inputs from Treasury on Mid-Year Assessment will be address in the session scheduled for 12 February 2025

#### **Matters of Concern**

Revenue billed should not be seen as actual cash received, the Statement of Financial Performance sometimes gives the reader the idea that the municipality already collected the billed revenue.

Property Rates – It must be noted the Municipal Council approved an additional rebate on property rates that will result in a 19% decline in property rates revenue, the rebate is journalise every month on customer accounts.

Electricity revenue was billed R47 million more than the anticipated budget, this is a result of incorrect readings and errors made when updating the financial reports, the correction was made to the customers' accounts and the results will be reflected in the January section 71 report, this error however had an impact on the Financial Performance as it shows the municipality perform better than it did, and it affects the collection rate as the actual cash is measured against unrealistic revenue.

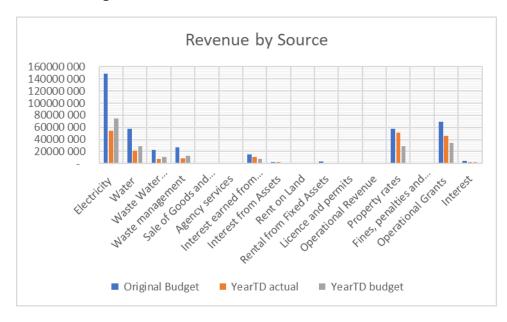

Refuse Removal and Sanitation Services was billed less than budgeted and it will result in the municipality adjusting the revenue downwards at the adjustment budget.

Rental of facilities is less than the anticipated revenue, the rental register is not fully updated and some of the contracts have expired.

Interest from outstanding debtors is more than the budget this means that debtors keep on increasing, and the interest does not necessarily result in cash.

Fines and licenses & permits – vary from month to month and are difficult to budget.

#### **Matter of Concern**

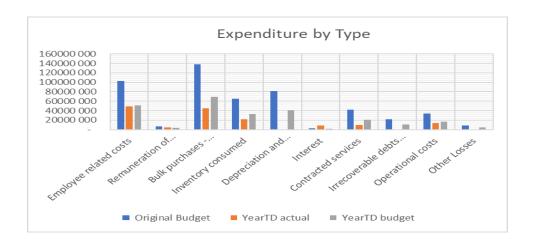

Bulk Services – the municipality made payments to ESKOM to adhere to the debt relief programme, there must still be a reconciliation done between the Nama Khoi municipality and Eskom as there was interest incurred for the period.

Debt Impairment and Depreciation - At this point municipality is still processing journals manually at year-end and therefore no figure is illustrated at the Mid-Year Stage.

Finance Charges – The municipality is still paying for penalties on the ESKOM account

Contracted Services and Other Expenditure – these expenditures are reliant on a positive cash flow, due to the municipality's poor cash flow over the last few months the municipality was not able to attend to day-to-day operations as budgeted.

The municipality does have votes that are overspent and others with little or no expenditure to avoid unauthorised expenditure the municipality must ensure the necessary adjustment between votes are done.

#### **Notes on the Capital Budget**

The municipality already adjusted the Capital Budget with the funds received for the Disaster Response Grant.

The municipality needs to allocate capital from its own funds to the correct votes

Rollover grants must be allocated to the budget as per the approved letters

Slow expenditure of grants is due to challenges with tenders exceeding the budget allocation of the municipality.

#### **Analysis of Water Purchases and Sales**

The December invoice from Vaal Central Water is still outstanding

Nama Khoi municipality managed to make payments of R17.3 million while receiving R15, 3 million for water from the community, it must be noted that payment made is always 30 days after the invoice and therefore the R4 000 00 paid by the municipality and the R3 070 953 relates to the previous financial year.

Water collection is a major challenge as it is clear from the billed amount vs the actual cash received, that the municipality no longer has a tariff issue but the 71% collection is hampering the financial viability of the municipality, pre-paid meters have been purchased but with it comes its challenges, especially the funding of it.

#### **Notes on Salaries**

% Employee Cost to Revenue amounts to 20%, while % employee cost to Expenditure amounts to 28%.

The spent 38% of the intended budget this is largely as result of not all senior and middle managers as budgeted not appointed.

The municipality spent R4 693 254 on overtime and R on temporary workers for the first six months.

## **SECTION J**

# 18. MATERIAL VARIANCE TO THE SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN

Information will be presented by Performance Management Unit

# **20.** In the mid-year budget and performance assessment provide an explanation of the cause of variances from the approved annual budget and the impact on any contractual agreements and the overall budget if any

#### Items that must be Adjust

From the Assessment of the Original Budget, various errors were identified and corrections were proposed, the report consists of the errors in the Budget documents, the data strings, overspent items, and items with zero expenditure.

All these proposed corrections are listed in the attached Assessment of Original Budget

#### **Operational Revenue and Expenditure**

The municipality must make provision for the town of Kleinzee which was excluded in the Original Budget

Corrections must be made to the Service Charges for electricity to align the anticipated revenue with monthly billing.

Service charges for refuse removal and sanitation should be adjusted downwards.

All other revenue votes should be adjusted as per the first month's performances.

Organogram and salary budget must be aligned and proposed vacancies should be budgeted.

Votes with zero expenditure should be used to fund votes that are overspent

#### STATEMENT OF FINANCIAL POSITION

Adjustments link to the Financial Performance and Capital Expenditure should be perform on the Financial Position

Votes that were incorrectly budget should be corrected

#### **Capital Expenditure**

Adjustment should be made in line with the approved rollovers.

The municipality must ensure that all outstanding projects are properly budgeted for to ensure payments can commence.

All other capital expenditure incurred during the first six months and captured as repair and maintenance should be corrected.
